

Lauren Southern, Alt-Right Whatever

High Priest Mageson 666

March 06, 2019

IT come out recently that Jewess Lauren Southern real name (((Simonsen))). Was using her camera man as a gofer to deliver important information to Doxx, Nationalist's to a Jewish NGO "Hope not Hate".

She admits she is Jewish while claiming she is not Jewish while hiding her Jewish last name.....

This is what happens when you allow Jews in the door. Simonsen is a Jewess that worked to infiltrate the Nationalist movements and scene to destroy it from within for her tribe. Here is the lesson what did Simonsen promote into the Nationalist movements.... Race mixing, civic nationalism which is globalism within one nation run by Jews. "National Bolshevism" of the Jew Dugin, Zionism and anti-White narratives in general. She also worked to cover up for her Tribe in everything especially with her South Africa coverage which is why she was on that issue and the only reason why.

How long is it before it comes out that the admitted Jew, Mike Enoch has been sending everyone's information to the ADL and other Jewish organizations and working to entrap as many Nationalist's as possible. This is what Jews do when they get into the Nationalist movements. What do you think other admitted Jew, Weev has been up to as well...
